

CAN PROPHETS CHANGE YOUR LIFE?

"I know the plans I have for you, says the Lord . . ." (Jer. 29:11)

February 20, 2008 (Wednesday)

9:30 a.m. - 3:00 p.m.

Directed by Fr. Albert Paretsky, O.P.

Prophets are men and women specially chosen by God to speak the creative divine Word, God's Word. They are the *conscience* of humanity. They are men and women endowed with a mission: a mission to *change* lives and situations. Through his prophets God calls people to work with him in history, not to foretell the future, but to interpret the signs of the times. God tells us that our thoughts and our ways are not his thoughts and his ways. (Is. 55:8-9). We are challenged to change. Through the power of the Word made flesh prophets are alive and at work in the church today. Prophecy is all about God's love for us. Come and be enlivened by the prophetic inspiration that has the creative power to change lives.

Join us for a day of information, inspiration, reflection, and prayer. The program will include two conferences, time for private prayer, a hot lunch, and Mass.

Offering: \$45.00. We ask for a \$20 deposit with your reservation. Deposits are non-refundable but may be transferred to another program.
